

Dog Sizing Guide

These guidelines will help you get the correct size for your dog

For a **Collar** follow the **Neck** measuring guide, for a **Harness** you need the **Neck** and **Chest** measurement.

Neck

To measure the neck of the dog with 2 fingers inside the tape measure this will ensure that the collar is not too tight

Chest

To measure the chest place the tape measure just behind the front legs and wrap up over the body.
